Stephanie:

As requested and discussed during our June 14 call, the CPG is providing eight draft Worksheets from the Draft HV CWCM QAPP to EPA for their review, and to allow the EPA's oversight contractors to develop an Oversight QAPP. These worksheets (#12, #14, #15, #19, #20, #23, #28 and #30) are accompanied by the Laboratory SOPs for the HV work.

The field SOPs, particularly the Gravity PR2900 SOP, are being modified to reflect lessons learned and corrective actions following the HV Field Demonstration. AECOM will provide these SOPs when the revisions are completed.

Please feel free to contact Kristen Durocher, Bill Potter or me with any questions.
